Quick Start: Getting R & RStudio

It is likely that version numbers will be different, just download whatever is displayed.

Windows

1. In your web browser, go to: **https://cran.r-project.org/bin/windows/base/**

2. Choose the largest link, starting with "**Download**"

> Download R 3.2.3 for Windows (62 megabytes, 32/64 bit)
> Installation and other instructions
> New features in this version

3. Double-click the downloaded file and follow the installation wizard, accepting all defaults.

Mac

1. In your web browser, go to: **https://cran.r-project.org/bin/macosx/**

2. Choose the first link ending in "**.pkg**", unless you know you have an older version of Mac OS.
