

Instruction for ArcGIS 10.x Student Edition: Downloading, Installing, and Licensing

1) Download the software from following location

<http://www.esri.com/landing-pages/software/arcgis/arcgis-desktop-student-trial>

If you have an existing ESRI Account, choose “[I have an Esri Account](#)” on the right hand side.
If you don’t have an existing ESRI account, please create a new ESRI account by choosing “[I need to create a new Esri Account](#)” on the right hand side.

The screenshot shows the ArcGIS for Desktop Student Trial landing page. At the top left is the Esri logo with the tagline "Understanding our world." Below the logo is a blue banner with the text "ArcGIS for Desktop Student Trial". To the right of the banner is a box titled "Register for a Free Trial" containing the text "You must create a FREE Esri Account to access this trial." and two links: "I have an Esri Account" and "I need to create a new Esri Account". Below the banner, the text reads "Welcome! To activate your ArcGIS for Desktop Student Trial software, please log in with your Esri Account." followed by "Your ArcGIS for Desktop Student Trial includes" and "What is included?". A list of included extensions follows: ArcGIS 10 for Desktop Student Trial, and several ArcGIS for Desktop extensions: ArcGIS 3D Analyst, ArcGIS Geostatistical Analyst, ArcGIS Network Analyst, ArcGIS Publisher, ArcGIS Schematics, ArcGIS Spatial Analyst, ArcGIS Tracking Analyst, ArcGIS Data Interoperability**, ArcGIS Data Reviewer**, and ArcGIS Workflow Manager**. Tutorial data** is also listed. A note at the bottom states "**Downloaded separately". At the bottom of the page, there are links for "Contact Us", "Privacy", "Legal", and "Site Map".

2. Log in by using your ESRI account:

https://accounts.esri.com/?redirect_uri=http://www.esri.com/apps/products/arcgis/v10_3/eval/educ/index.cfm?event=evaluate.index

The screenshot shows the Esri Accounts sign-in page. At the top left is the Esri logo. Below the logo are navigation links: "Industries", "Products", "Support & Services", "About", and "Community". To the right is a search bar with a "Sign In" button. Below the navigation is a blue banner with the text "Esri Accounts" and three buttons: "Sign In", "Create an Account", and "Common Questions". Below the banner is a "Sign In" form with the following fields: "Username", "Password", and a checkbox for "Keep me signed in". A blue "SIGN IN" button is below the password field. Below the button are links for "Forgot password?" and "Forgot username?". Below these links is an "OR" separator. Below the separator is a "Sign in with" button for "ENTERPRISE ACCOUNT". Below that are "Sign in with" buttons for Facebook and Google+.

3. After you logged in, please use the EVA code you received from your instructor to access the download page. If you don't have an EVA code from your instructor, please send an email to nliu1@gmu.edu with your G number and GMU's email address with subject line "ArcGIS Student License Request", please also "cc" to your instructor for a record purpose.

5. Please read and follow the instructions on the next page carefully to go through the whole installation and authorization process. There is also an "Install Guide" documentation link which leads to more detailed usage instructions.

Please follow the steps below to download and install ArcGIS 10.4.1 for Desktop.

1. If you do not currently have an earlier version of ArcGIS installed on your machine, proceed to step 2.

If you have ArcGIS version 10.1 or later installed, you do not need to uninstall it before installing version 10.4.1; the ArcGIS setup package will detect and upgrade your ArcGIS for Desktop software. If you have ArcGIS version 10.0 or earlier installed, please uninstall it.
2. Download ArcGIS for Desktop and the other files you would like to install. Please note that ArcGIS Data Interoperability, ArcGIS Data Reviewer, and ArcGIS Workflow Manager require ArcGIS for Desktop.
 - When downloading with the Esri Download Manager, you can select and download multiple products. However, only one product should be launched at a time when the downloads are complete.
 - Make sure you have write access to your download directory location as well as your ArcGIS installation directory location, and that no one is accessing it.
3. Install Prerequisites
 - ArcGIS Pro requires [Microsoft .NET Framework 4.5.1](#) and [Microsoft Internet Explorer](#) version 10 or newer. Before running the installation program for ArcGIS Pro, ensure that your machine meets these prerequisites. The [Install Guide for ArcGIS Pro](#) provides an overview of installing and setting up ArcGIS Pro and links to detailed resources, including [system requirements](#).
 - ArcMap requires [Microsoft .NET Framework 4.5](#) and [Microsoft Internet Explorer](#) version 9 or newer. Before running the installation program for ArcMap, ensure that your machine meets these prerequisites. The [install guide](#) provides an overview of installing and setting up ArcMap and links to detailed resources, including [system requirements](#).
4. Install and authorize ArcGIS for Desktop
 - Select a destination folder to extract the install files to. If you choose, you can automatically launch the setup after the files have been extracted.
 - When prompted, select **ArcGIS for Desktop Advanced Single Use**.
 - When prompted, accept the default, **I do not wish to authorize any extensions** at this time. The extensions will be authorized automatically.
 - Enter your authorization number: **EVA160204549**.
